

Be Real – Elishema

just be real with me, just be real, just be real.....

you been deceiving me

acting so friendly

but when I'm not around

you talk of me offensively

oh I gotta ears everywhere

even when no one's there

you should know, walls can talk

and they got me doubting you

don't be patronizing

then secretly criticizing

stop the phony acting and weak deception

just be real with me

just be real

just be real

if you got something to say, say it

don't be phony

just be real with me

just be real

just be real

if you got something to say, say it

don't be phony

hey, hey, hey, hey

hey, hey, hey, hey

I'll be calm

and hear you out

I may not like what you say

but I won't scream or shout

so, just be real

tell me the deal

and don't try to hide the truth

that's already been revealed

don't be patronizing

then secretly criticizing

stop the phony acting and weak deception

just be real with me

just be real

just be real

if you got something to say, say it

don't be phony

just be real with me

just be real

just be real

if you got something to say, say it

don't be phony

hey, hey, hey, hey

hey, hey, hey, hey

yo, why can't you

just be real

you need to tell me

yo, what's the deal?

I see you didn't come up and talk to me

so this must be out of some jealousy

you talk about me, yeah behind my back

then come in my face, put on an act

im'ma tell you right now that I'm not for that

keep talking your stuff and you might get smack

but yo, I ain't like that

don't be patronizing

then secretly criticizing

stop the phony acting and weak deception

just be real with me

just be real

just be real

if you got something to say, say it

don't be phony

just be real with me

just be real

just be real

if you got something to say, say it

don't be phony

hey, hey, hey, hey

hey, hey, hey, hey

you got no integrity

no sense of honor or loyalty

you talk bad about others to make you feel better

but that's not ok

you need to grow up from your childish ways

and find a better you that's not so ugly

don't be patronizing

then secretly criticizing

stop the phony acting and weak deception

Just be real
