

Enchanted Love - Elishema

One look in your eyes

got me hypnotized

Now my soul is on fire and you're

my one desire

Boy come and place your hand on my heart (You'll See)

That now it beats only for you (So Love Me)

I can't get enough of you

are you really a dream come true

or an illusion of my mind

Enchanted Love

Is that what this is

Enchanted Love

Is this not real

Enchanted Love

Is that what this is

Enchanted Love

Is that what I feel

If you hold me close

I'd lose control (of my self)

Chill will race down my spine

Then you'd have to be mine

Boy I'm addicted to you (so come closer)

And fulfill my needs

(I want more of ya)

Boy you got a hold on me

you got my love so easily

I feel bound to you by a mystical energy

Enchanted Love

Is that what this is

Enchanted Love

Is this not real

Enchanted Love

Is that what this is

Enchanted Love

Is that what I feel

Boy, you put a spell on me

that's what its got to be

cause when I think you

I fall to my knees

and that ain't how I use to be

love at first sight ain't my forte

but your looks have possessed me

now I live in an altered reality

And when you do wrong, I'll say its alright

I'll do what ever to keep you in my life

defend you when people disapprove

and its all because I love you

but is it real love,

or something I'm dreamed up

I don't know what to do....

Yeah....

Oh.... Yeah

Uh....

Enchanted Love

Is that what this is

Enchanted Love

Is this not real

Enchanted Love

Is that what this is

Enchanted Love

Is that what I feel
